Registration and Eligibility to enter specific races

As we are approaching the start of the Winter season, it is important that parents and racers are aware of registration requirements for some of the Winter races and also looking further towards next year for artificial slope races.

English Alpine Children's Championships

To participate in these Championships, all competitors in age groups U10 through U16 (regardless of nationality), and all British competitors in age groups U18 and older, must be registered as a competitor with a UK Home Nation (Snowsport England, Scotland or Wales).

With regard to those racers holding a Snowsport England membership, this must be a minimum of a 'Red' Competitor membership. Any racer holding a Blue membership will need to upgrade to a Red membership to be eligible to enter. This also applies to both the Welsh Children's Championships and the GB Alpine Children's Championships.

The registration requirements for U18 and older as described above also apply to any athletes wishing to obtain a FIS licence through GB Snowsport to compete in any FIS races.

Parents, coaches and racers should check on the invitations for all other BASS races. Some events may accept entries from those who are registered with Snowsport England as a Blue member, but those competitors will not be included in BASS seeding. They will effectively be treated as 'unregistered' for the purposes of seeding and race results.

2026 Artificial Races

GBR Series Events

To participate in these Series, all competitors in age groups U10 through U16 (regardless of nationality), and all British competitors in age groups U18 and older, must be registered as a competitor with a UK Home Nation (Snowsport England, Scotland or Wales).

With regard to those racers holding a Snowsport England membership, this must be a minimum of a 'Red' Competitor Membership. Any racer holding a Blue membership will need to upgrade to a Red membership to be eligible to enter.

Championship Events

For the All England Championships and those racers holding a Snowsport England membership, this must be a minimum of a 'Red' Competitor Membership. Any racer holding a Blue membership will need to upgrade to a Red membership to be eligible to enter.

Club National Races

To participate in these races, all competitors in age groups U14 through U16 (regardless of nationality), and all British competitors in age groups U18 and older, must be registered as a competitor with a UK Home Nation (Snowsport England, Scotland or Wales).

For Snowsport England Club Nationals, with regard to those racers holding a Snowsport England membership, this must be a minimum of a 'Red' Competitor Membership if they wish to enter and be eligible for seed points. Any racer holding a Blue membership will need to upgrade to a Red membership to be eligible for seeding, otherwise they will effectively be treated as 'unregistered' for the purposes of seeding and race results.
