CHILL FACTOR^{e} RACES - 2013 SEASON

Meetings have recently taken place with the management of the Chill Factor^{e} to agree the procedures and rules that will apply for all races that will be held at the venue during the 2013 race season.

Could I please ask for the cooperation of all racers, coaches, race officials and parents/spectators in ensuring that we comply in full with the procedures that are listed on the following page. In particular, racers must ensure that bibs are worn at all times when in the changing village and when on the snow side.

Additionally, all racers, coaches and officials will be issued with a ticket/lift pass which **must** be used to access the slope through the air lock. Please note that jumping over, climbing past or ducking under the turnstiles is not allowed under **any** circumstances.

Racers must **not** leave kit, skis or any other belongings on the benches or in the changing cubicles within the changing village. There will be an area within the race office where you will be able to put your ski boots on/off. Belongings can be left in the designated area within the race office.

Failure to comply with the procedures could result in the Chill Factor^{e} withdrawing your lift pass and/or excluding you from the building.

The procedures will be included in all bulletins for the remaining races that are to be held at the Chill Factor^{e} during the 2013 season.

Thank you for your cooperation.
