Glenshee Open – BASS Race

March 19th 2017

Bulletin 4

The Glenshee Open forms part of the Scottish Alpine Series

UPDATE 10th March

We regret to announce that we are cancelling the 2017 Glenshee Open. At the moment there is no base at Glenshee, and with milder temperatures and no snow forecast, there will be no opportunity to run a race. Glenshee Ski Centre will continue to monitor the situation and offer public Snowsports if at all possible, so don't give up on the season yet ;-) Thanks to everyone who offered to help. Full refunds will be processed as soon as possible.

Gordon Skiers have also confirmed that they will make an announcement today that their race on Sat 18th will be cancelled.

There is some snow at Nevis, Glencoe and Cairngorm, with opportunities for some training for clubs. Glencoe Ski Club are still hoping for their current conditions to improve to allow their race scheduled for 25th March to take place – keep an eye on facebook.

We hope to see many of the British racing community in Tignes for the British Championships, and fingers crossed for the 2018 season to compensate for this one.

Chief of Championship: Duncan Shepherd **Chief of Race: Gordon Rattray**
