RT SKI CLUB / NESA

2021 Club National Programme

RT Ski Club and NESA are delighted to be hosting 2 club national races at Silksworth Ski Centre over the weekend of the 26th and 27th June 2021.

As the national COVID-19 restrictions are not being lifted as hoped on the 21st June, the Race Organising Committee (ROC) are changing the programme to accommodate the remaining restrictions and ensure the safety of all competitors and officials attending the race.

COVID-19 Symptoms

If you or anyone in your immediate household or support bubble are showing any symptoms of COVID-19, **DO NOT** attend any club sessions and seek appropriate medical advice.

The ROC reserves the right to refuse access to the slope should there be obvious symptoms of COVID-19 infection without refund.

COVID-19 Restrictions

Social distancing of a minimum of 2 meters between attendees not in the same bubble should be maintained at all times including queuing for lifts.

It will be compulsory to wear a face covering and gloves whilst using the lift, and to wear a face covering to access the building. Face coverings do not have to be used at any other time.

The building will be open during the race but with limited access for using toilet facilities or first aid only. Before entering the building and upon exiting the building, the hand sanitiser station must be used.

Upon arrival skiers should change in their vehicles and wait until their race slot start time at this point, they should proceed through the entry gate to the left of the main building as per the diagram below.

Skiers requiring hire equipment should arrive 5-10 minutes prior to the start of their race slot. They are then permitted to enter the centre through the main door, collect equipment from slope staff and change at the bottom of the slope. Equipment will be sanitised by Everyone Active between users.
