Description:

Only 4 competitors with <999 points in qualified results meant that the penalty could not be calculated according to the current rules.

There is a proposed change to BACR III article 8.6 to replace Max Value of 999 with 400 in line with rules for BASS races in BCR. This change will be discussed at the November TD Forum meeting.

Summary of decision taken:

Given the unanimous support from the Forum T&C SC for the proposed change to BACR, Max Value of 400 has been applied to this event allowing the penalty to be calculated at 155.94.
