SCOTTISH CHILDRENS CHAMPS AND BAIRNS BUCKET – UPDATE 02.03

Cairngorm Mountain was closed today, however a 300 mile round trip to inspect the piste was not wasted with the help of Cairngorm Mountain.

There is, today, enough snow for the Bairns race to be run as planned. We will have to see if the next weather system changes this materially.

For the Childrens' Race there is enough snow to run a Slalom – THEREFORE ON SATURDAY WE WILL RUN A SL RACE, NOT GS.

On Saturday we will have a team captain's meeting after the prize giving and discuss if it is possible to race GS on the Sunday – but it will probably be another day of SL.

I will do another course inspection on Friday morning. We cannot afford snow loss, and really need some cold weather.

As it stands today we are close to being unable to run the race due to a shortage of volunteers. We may have to shorten the course with current gate judge numbers.

Lift tickets- The Mountain will open the ticket office at 0815 to sell racers passes and coaches passes. For a coach to get a discounted pass they need to email their name, mobile number and club. Parents are unable to buy discounted lift passes.

The SSC hut will be open for parents and racers to get hot drinks, soup or a roll. It is an easy walk from the car park. It is at the base of the White Lady, although the current fiish looks to be out of sight from the hut.

We will try and have live timing for the Children's race.
