Eligibility
All competitors **must** be registered with their governing body and compete only for the English region (or Nation) to which their club (as stated on the latest BARTS list produced prior to the event) is affiliated.

A competitor's region, as determined by their club, takes precedence over a national affiliation to a non-English HNGB. Such competitors can only race for their national team if not required by their regional team**.**

Reserves
Teams can nominate up to 3 reserves.
Teams can only use reserves nominated on the entry form.
Once the competition has started, reserves can only directly replace skiers who can no longer compete.
Reserves can be used for any team representing that region (reserves may be pooled). Skiers (including reserves) cannot compete for more than one team on the day.

Order
Teams must race in the order listed on the entry form. If a skier becomes unavailable after entries have closed, the team(s) order can be re-set and, if necessary, a new reserve nominated.

How to enter
Entry is online. Once an entry is complete, it cannot be changed except by re-sending a new entry. In such cases, the older entry will be deleted by the Race Secretary.
After the deadline, entries cannot be changed other than for emergencies/medical reasons.
